COURSE DESCRIPTION

In this cutting edge continuing education course, participants will learn the E3 model of care for tethered oral tissues. This included evaluation, education, and execution from birth to maturity. The course format includes lecture, video/photograph examples, case studies, pre and post assessment activities, demonstrations, and hands-on application. Appropriate for all medical professionals involved in caring for patients with tethered oral tissues.

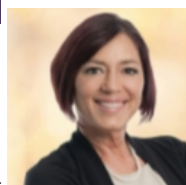

University of Kentucky College of Health Sciences is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. See course information for number of ASHA CEUs, instructional level and content area. ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

KAREN WUERTZ, DDS, DABLS, FOM
